gis and environmental modeling progress and research issues michael f goodchild louis t  
steyaert bradley o parks carol johnston david maidment michael crane and sandi  
glendinning editors with growing pressure on natural resources and landscapes there is an  
increasing need to predict the consequences of any changes to the environment modelling  
plays an important role in this by helping our understanding of the environment and by  
forecasting likely impacts in recent years moves have been made to link models to  
geographical information systems to provide a means of analysing changes over an area as  
well as over time gis and environmental modeling explores the progress made to date in  
integrating these two software systems approaches to the subject are made from  
theoretical technical as well as data stand points the existing capabilities of current systems  
are described along with important issues of data availability accuracy and error various  
case studies illustrate this and highlight the common concepts and issues that exist  
between researchers in different environmental fields the future needs and prospects for  
integrating gis and environmental models are also explored with developments in both data  
handling and modelling discussed the book brings together the knowledge and experience  
of over 100 researchers from academic commercial and government backgrounds who work  
in a wide range of disciplines the themes followed in the text provide a fund of knowledge  
and guidance for those involved in environmental modelling and gis the book is easily  
accessible for readers with a basic gis knowledge and the ideas and results of the research  
are clearly illustrated with both colour and black and white graphics

contains accessible clearly written articles on some 1 000 car manufacturers from their  
earliest days right up to the present each entry describes the important cars made by the  
manufacturer under discussion throughout its history in addition to detailing the economic  
evolution of the manufacturer
