if anyone was ever a socialist it was jesus kelley rose democratic socialists of america economist and historian lawrence w reed has been hearing people say

jesus was a socialist for fifty years and it has always bothered him now he is doing something about it his new book demolishes the claim that jesus was a socialist jesus called on earthly governments to redistribute wealth or centrally plan the economy or even impose a welfare state hardly point by point reed answers the claims of socialists and progressives who try to enlist jesus in their causes as he reveals nothing in the new testament supports their contentions was jesus a socialist could not be more timely socialism has made a shocking comeback in america poll after poll shows that young americans have a positive image of socialism in fact more than half say they would rather live in a socialist country than in a capitalist one and as socialism has come back into vogue more and more of its advocates have tried to convince us that jesus was a socialist this rhetoric has had an impact according to a 2016 poll by the barna group americans think socialism aligns better with jesus s teachings than capitalism does when respondents were asked which of that year s presidential candidates aligned closest to jesus s teachings a self proclaimed democratic socialist came out on top sure enough the same candidate earned more primary votes from under thirty voters than did the eventual democratic and republican nominees combined and in a 2019 survey more than 70 percent of millennials said they were likely to vote for a socialist was jesus a socialist expands on the immensely popular video of the same name that reed recorded for prager university in july 2019 that video has attracted more than four million views online ultimately reed shows the foolishness of trying to enlist jesus in any political cause today he writes while i don t believe it is valid to claim that jesus was a socialist i also don t think it is valid to argue that he was a capitalist neither was he a republican or a democrat these are modern day terms and to apply any of them to jesus is to limit him to but a fraction of who he was and what he taught

not serve the interests of the vast majority of the people on the planet and is both economically and environmentally unsustainable is self evident history offers harsh lessons the political violence of the 20th century which resulted in an estimated 200 million deaths and untold economic and environmental destruction cautions us to work for socialism in the 21st century with every means at our disposal except violence facing the awful power and willingness of capitalism to coerce and corrupt we must find ways to make soft power prevail clearly a revolution is in order it is time to place the socialist alternative on the national and world agenda
